Liam is a fierce bear shifter but, he has a gentle, docile side when it comes to his mate. I like stories with suspense and danger that keeps me on my toes. When Olive's life is turned upside down with danger, Liam's protective instincts explode and he proceeds to kick butt and save the day.

The 'Sweet Water' books are crackaliscious, and in soo many ways. Ms. Snow's writing is a pleasure to read, and not only with the storyline, but with the actual writing itself. And I lie not when I say that each book gets better and better.

The danger from other paranormal forces such as the Brotherhood in Taming Her Hybrid Beast or from the untamed protagonist in A Lamb for the Bear's Appetite who would not let his mate leave are what make these novels excellent erotica novels. The Cougar's Timid Little Lynx is the first steamy novel of the Sweet Water series of novels.
